Lead the Vision

Lead the Vision

Don't manage from the middle!

Lead from the front!

Lead the Vision

Don't lead on your own!

Lead with a team!

Lead the Vision

Don't be paralysed by options!

Do something with certainty!

Lead the Vision

Don't neglect the heart!

Pray and preach the Word!

Train the Vision

Train the Vision

Training: for the Congregations

Train the Vision

Training: for Elders and Lay Leaders

Train the Vision

Train Potential:

Pioneers

Pastors

Presbyters

Patrons

Train the Vision

Training: for your movement

Principles of Planting

1. Plant for Christ: for evangelism to grow his church for God's glory alone
2. Prayerful biblical gospel-teaching ministry is essential: for spiritual growth
3. No church-plant is perfect: for God likes to use our weakness
4. Shape the plant for realities not models: internal, transfusion, pioneer, co-operative, colony etc.
5. Plants need leaders, members, money, venue and a plan: in any order
6. Professional staff need high quality loyal elders: to model church membership
7. No. of members needed is mainly an issue of confidence: in the leaders and members
8. Members of other congregations can double up or commit for trial period: for critical mass
9. Plants don't happen by accident: Senior Pastors must drive them
10. Schools, sports centres, churches: good for young families, young couples, yuppies respectively
11. Giving best people & resources is sacrificial generosity: "it's more blessed to give than receive"
12. Churches growing through equipping the congregation for ministry: training is central
